ICC To Hold Public Hearing on Lake Wildwood Water Rate Request

The Illinois Commerce Commission will conduct a public hearing on Utilities Inc.'s Lake Wildwood rate case petition, Docket 12-0604, Thursday, March 21 at the Lake Wildwood Community's Arrowhead Lodge, near Varna.

The public hearing will begin at 7 p.m.

Utilities Inc. filed petitions in October seeking an increase in water rates to support the operation of Lake Wildwood and Apple Canyon Utility and to earn a return on its capital investments. The two cases have been consolidated.

Written and oral comments will be accepted at the public hearing. Customers also may submit comments on the rate increase proposal through the ICC website at <http://www.icc.illinois.gov/docket/comment/>.
